

WILLOW & SEAGRASS CASKETS

Manitou Series

ROUNDED

Caring for our Environment goes beyond our end of life. That is why our Eco-Friendly Willow Caskets & Carriers are recommended for Green Burials as they can be placed directly into the ground and will break down naturally over time. Alternately, they are ideal for Direct, Low Cost and Up-Market Cremations.

Manitou- Natural

Manitou - STEAM 2

100% Eco-Friendly, Biodegradable & Sustainable

Our Eco-Friendly Caskets and Body Carriers are handcrafted by skilled weavers, with each Casket or Carrier created from 100% Eco-Friendly, Biodegradable and Sustainable Materials such as fast growing, rapidly replaced Willow, Seagrass, or Bamboo. Using Willow, Seagrass or Bamboo leaves a small carbon footprint as heavy machinery is not required for harvesting.

Why use Willow?

We believe that our Willow Caskets are the ultimate when it comes to the environment. Willow is a highly renewable, fast growing crop which is harvested each year and involves minimal machine processing. Willow plants are sustainably grown, being easy to harvest and requiring NO fertilizers, pesticides or herbicides to reach maturity.

MANITOU SERIES - ROUNDED

Features

Strong Beechwood Toggles and rope closure

Supportive base with 6 sturdy carry handles and Biodegradable ink

Unbleached Calico Lining with sectioned mattress & pillow

100% Hand Woven
